

Teaching with Technology

(Digital Classrooms)

Technology can have a reciprocal relationship with teaching. The emergence of new technologies pushes educators to understand and leverage these technologies for classroom use. As technology has improved, so has the way of its dissemination to the students in a qualitative manner. Digital Classroom Solutions provide interactive visual simulations to aide in teach simple and complex concept in almost every subject for almost every class.

We feel proud to have been associated with probably the best service provider in this field to cater the needs of our students in the respect. Undoubtedly with these recent technologies in the classroom, strong concepts knowledge can be achieved, as well difference between the way students are taught in school and the way they approach the outside world is tried to be seamless.

School Infirmary

The Medical Room is a well-equipped facility to provide first aid and attend to any medical emergencies. The students reporting ill are attended by qualified and experienced nursing staff and a visiting doctor.

HOUSE

All the students are divided into four houses to bring out the best in them and place it at the service of nation and humanity.

1. KALAM HOUSE :- A virtue A disposition for, benevolence, confidence and justice. It is the condition of all positive aims.

2. RAMAN HOUSE:- The price that life exacts for granting peace. It means a strong desire to live, taking the form of readiness to die.

3. RABINDRA HOUSE :- A strong deep love that never grows old, and conquers all things . It changes things by changing people.

4. BHAIVIRSINGH HOUSE:- A precious offering for a special purpose. Giving up of one's self for the sake of cosmos. It is a permanent joy.
